To: Sigma Chi Fraternity

Re: Sigma Chi at University of Massachusetts Amherst

I am pleased to provide this letter of support on behalf of the colony of Sigma Chi operating at the University of Massachusetts Amherst. The colony is petitioning the Fraternity for the granting of a charter and for chapter status, and this letter is offered in support of this effort.

As the director of the fraternity and sorority program at the University, I have been the primary staff contact for the leadership and members of the Sigma Chi colony. The colony leadership has been actively engaged with our office and with other entities on campus. Members of the colony are active in the Student Government Association and other student organizations. The colony members are active participants in community service and philanthropic efforts. The colony has sought opportunities to create a presence on campus, be it in events they have offered or participating in campus life. I was recently impressed when the colony members made a dedicated effort to participate in a Sigma Chi service day this month. I know the colony has made good connections with the local senior center and has been providing assistance to local residents. The colony quickly became a contender for top academic honors within the fraternity system here. The colony members I do know are genuine and committed to both the fraternity and to our campus system. The colony has made contributions to the life of the fraternity and sorority program.

I highly support the Sigma Chi colony's petition for its charter. The colony has quickly become a competitive member of our fraternity system and was warmly embraced by the member chapters. The leadership has shown great dedication to the values of the fraternity. I think it is fair to say that the efforts of the colony members and of the fraternity have been very successful. If I may be of further assistance, I may be reached at 413-835-1629, or michaeldwiseman@umass.edu

Best wishes as you complete your process.

Inter-fraternally,

A handwritten signature in blue ink that reads "Michael Wiseman".

University of Massachusetts Amherst**

NCDC - ΣΧ Fraternity
1714 Hinman Avenue
Evanston, IL 60201-4517

September 10, 2017

Dear NCDC,

I endorse for installation the Sigma Chi Omega Colony at Univ. of Massachusetts at Amherst. I worked behind the scenes to extend support and resources since 2015 and directly with the colony as their Grand Praetor since June 2017. Throughout this time, I observed their leadership, organization, high academic standards, and tenacity during visits to the colony, at Balfour LTW and at Grand Chapter in Providence, RI.

Since Grand Chapter, the colony Exec. Committee, Grand Praetor, Chapter Advisor and Alumni Advisory Board have embraced the International Fraternity program offerings, including Mission 365 (Sun. Sept. 3, facilitated by Ryan Brousseau), P4B Formal Pledging/Big Brother Ceremony with Alumni and undergrad Big Brothers (Sat. Sept 30), planned Crossroads with Skip Flynn (October 14), and secured exclusive use of a 97-acre Christian Retreat at Lake Norwich for the ceremonies of initiation.

The bonds of brotherhood appear strong with this colony but not at the expense of a deep sense of personal responsibility. The colony holds their brothers accountable for academic performance, financial obligations, and to hold positions of leadership. The business and operations of the colony appear to be organized and conducted efficiently.

Academic performance of two members appears to be a challenge and this will need to be a continued area of focus for the new chapter. This colony subscribes to the core values of Sigma Chi Fraternity and merits installation into our order.

In Hoc Signo Vinces,

Keith Moody

Grand Praetor – Connecticut / Western Massachusetts

Order of Constantine

October 14, 2017

Sigma Chi Fraternity

New Chapter Development Committee

1714 Hinman Avenue, Evanston, IL 60201-4517

RE: Letter of Recommendation; Sigma Chi Omega Colony, University of Massachusetts at Amherst

Dear New Chapter Development Committee:

I am proud to endorse and recommend the Sigma Chi Omega Colony of the University of Massachusetts at Amherst, be approved for full rights and privileges of the Sigma Chi Fraternity as the Mu Epsilon chapter.

In June 2017, I was appointed Colony Adviser under the leadership of Grand Praetor Keith Moody of the CT/Western Mass Province. I was immediately impressed with the tenacious ability of this fine group of young men. Their quest in becoming brothers of our Fraternity was first and foremost in their minds. As driven professionals, these individuals embraced the ideals of Sigma Chi displaying and living our core values of Friendship, Justice and Learning.

The members of this colony have proven themselves to be values-based leaders committed to the betterment of character, campus and community. Their membership is diverse and reaches many student community groups, athletic teams and academic disciplines. They have built a strong brotherhood and partnered with many in philanthropic and social endeavors throughout the year.

I am pleased with the achievements and progress of the Sigma Chi Omega Colony and have full confidence in their ability to guard well the honor of UMass at Amherst, and our Fraternity. I therefore fully endorse the Sigma Chi Omega Colony be installed as the Mu Epsilon chapter of our order.

In Hoc Signo Vinces,

Carl L. Graveline

Assistant Grand Praetor, CT/Western Massachusetts Province

Life Loyal Sig, Gamma Omega UConn

Seven Lights Award

Chapter Adviser, Delta Sigma, University of Rhode Island

Sigma Chi Omega Colony Advisor

Brotherhood Information

1. Jude Andrew Perez Alamo (Tribune & Fundraising) – (Pre-Medical) Kinesiology, Psychology Minor 2018

- b. Email: jalamo@umass.edu
- c. Phone Number: (207) 350-7681
- d. Involvement: Musculoskeletal Orthopedic research under Dr. Katherine Boyer. Boxing, Jujitsu
- e. Biography: My name is Jude Alamo. I was born on December 15, 1995 in the Bronx, New York. My parents immigrated here from the Philippines and my father conducted his medical residency at the Bronx Lebanon Hospital. Afterwards, we moved to Machias, Maine where we spent two years so my father could complete his green card requirements. Then we moved to a small fishing town in Maine called Boothbay, where I have spent my life thus far. Boothbay is a small town with a High School of just 200 students. There I developed lifelong friendships and became very involved with athletics. My favorite sport was football, which I started in 5th grade and played all throughout High School. My father also encouraged me to become involved in martial arts such as jiu jitsu, and he would occasionally teach me tae kwon do in the basement of our home. I am a Pre-Med, Kinesiology major at the University of Massachusetts Amherst, and I plan to go into orthopedic surgery after completing medical school.

2. Jake A. Ayisi (Health) – Kinesiology 2020

- a. Email: jayisi@umass.edu
- b. Phone Number: (508) 215-7427
- c. Involvement: Kinesiology Club, Recreation Center Referee, Mullins Center Operations Department
- d. Biography: My name is Jake Ayisi born in Framingham, Massachusetts, then moved to Shrewsbury Massachusetts after 8 years. My family is from Ghana but I have relatives living all over the world. Having family all over the world has made appreciate and be fascinated by different cultures around the globe. It also influenced me to have a love for traveling. In high school I was consistently on the honor roll while playing a variety of sports. I've played football, basketball, and lacrosse during my high school years. Senior year of high school I was elected to be one of the captains of the football team which was a great honor. This came along with a nomination to be a Joseph R. Mewhinney Chapter Scholar Athlete. Aside from athletics I took and still take academics very seriously. And I believe that UMass was the best place to offer me the support I needed in their Kinesiology Program. I am planning to obtain my Doctorate of Physical Therapy after my undergraduate years.

3. Brendan C. Bennett – Resource Economics 2018

- a. Email: bcbennett@umass.edu
 - b. Phone Number: (617) 291-7078
 - c. Involvement: Resource Economics Society, Club Lacrosse
 - d. Biography: Hi, my name is Brendan Bennett. I was born on January 29, 1996 in Boston, MA. I currently reside in Milton, MA which is a suburb about 7 miles south of Boston. I live there with my two parents, Mark and Jane, my older sister, Elizabeth, and my yellow Labrador Retriever, Penny. My parents have blessed me with the opportunity to receive an outstanding education throughout my entire life as well as the opportunity to travel throughout Europe when I studied abroad in Barcelona last year. I strive for greatness in every that I do to make them proud. I am currently a senior majoring in Resource Economics with a concentration in Managerial Economics. I love staying active; whether it be playing Spike ball, going for a run, or taking my dog for a walk in the woods. In my spare time you can find me at the Spoke or playing basketball at the courts with my buddies. Upon graduating, I plan on pursuing a career in financial advising.
- 4. Tyler Scott Bogart – Business Success Conditioning 2019**
- a. Email: tsbogart@umass.edu
 - b. Phone Number: (617) 584-6512
 - c. Involvement: UMass Lacrosse, Ski & Board Club
 - d. Biography: My name is Tyler Bogart. I am a junior at UMass, I study business marketing and management and I play on the D1 men's lacrosse team here at school. I hold myself to the highest standards and pride myself on being fearless and being the best at what I do whatever it may be.
- 5. Dustin M. Branson – Sports Management 2021**
- a. Email: dbranson@umass.edu
 - b. Phone Number: (508) 241-4230
 - c. Involvement: Sports Management Club, Business Exploratory track
 - d. Biography: My name is Dustin Branson. I was born on April 12, 1999 in Southborough, Massachusetts. My father's name is Lawrence Branson, and my mother's name is Mary Branson. I have 3 siblings; Michael, who is 6 years older than me, Melanie who is 4 years older than me, and Jack who is 2 years younger than me. Family has always been important to me and growing up in a big family made me learn values in life that I still carry today. My parents did not really force sports on me, but I was heavily involved. Basketball has always been my main sport and I have played my entire life, including 2 years of varsity basketball for my high school. I graduated from Algonquin Regional High School last year, applied and decided to go to UMass Amherst with a Sports Management major. I am currently in the Business Exploratory track and applying into the business school at the end of the year. My goals are to get into the Isenberg School, acquire an internship in the sports field by the end of this academic year.
- 6. Jack J. Browne (Abroad in Australia Fall 2017) – Resource Economics 2019**

- a. Email: jbrowne@umass.edu
- b. Phone Number: (914) 589-3877
- c. Involvement: Ski & Board Club, National Society of Leadership & Success
- d. Biography: My name is Jack Browne, an economics student at UMass Amherst, currently in an exchange program in Sydney, Australia. In Australia, I am interning at an economic consulting firm and also taking three classes through the program. I was born and raised in Westchester, New York in a small town called Pleasantville. Throughout my High School career I worked various labor intensive jobs and played football, a sport I deeply miss. In my spare time, when the weather permits, I prefer to be skiing over anything else.

7. Franklin B. Bucco – Accounting 2018

- a. Email: fbucco@umass.edu
- b. Phone Number: (978) 578-9441
- c. Involvement: TA for Freshman Transitions, PA Announcer for UMass Women's Field Hockey, Soccer, and Men's Soccer, Ski & Board Club, Beta Alpha Psi (Accounting)
- d. Biography: My name is Franklin Bucco. I was born on July 15th of 1996. My father's name is John and my beautiful mother's name is Dianne. Both my parents have raised me to be a balanced individual. Throughout my life I've focused on my family, friends, academics, and staying active through athletics. I played basketball soccer and tennis all my life and continued to play all the way through high school. After my successes in high school athletically becoming captains of two of my teams i took my talents to the University of Massachusetts in Amherst. At college I have had great success in my classes where I've maintained a place on the Dean's List every semester since I've been here. I am graduating a semester early with a degree in accounting. The company I am working for after graduating, KPMG, has granted me a great opportunity. They are funding my pursuit of my Masters in Accounting next year when I attend Ole Miss. Upon graduation from Ole Miss I will return to KPMG and start my career in auditing.

8. John M. Campbell – Economics & Finance 2020

- a. Email: johncampbell@umass.edu
- b. Phone Number: (78) 273-0229
- c. Involvement: Finance Society, Investment Club
- d. Biography: My name is John Campbell. I was born on August 8th, 1997 in Boston, MA. I grew up in a small suburban town of Andover, MA. My family consists of my sister Gina who is two years younger than me, and my brother Matthew who is 5 years younger than me. My family has always been a big part of my life, supporting me in whatever I set out to do. I tried out many sports, and eventually found my calling in gymnastics. I competed all throughout my middle school years on a national level. During high school, I switched over to track and lacrosse in order to have a closer connection to my school. I took pride in being able to manage a balanced social life, combined with academics, and

sports. After finishing high school I decided to take a year off before college in order to figure out what I wanted to do. After working for a year, I went to UMass Lowell hoping to pursue an engineering degree with a minor in business. After deciding I was better suited for business, I transferred to UMass Amherst in pursuit of their better program. I am intrigued by finance and hope to pursue a career in investment banking or related line of work.

9. Samuel J. Campbell – Marketing 2020

- a. Email: sjcampbell@umass.edu
- b. Phone Number: (617) 785-7261
- c. Involvement: Marketing Club, Sports Management Club, Isenberg Citizens First, Hiking, Reading
- d. Biography: My name is Samuel Campbell. I was born November 25th, 1997 in Upton, Massachusetts. My father's name is Bruce Campbell and my mother's name is Theresa Campbell. I have an older sister, Abbey, who is three years older than me, and a younger brother named Luke, who is four years younger than me. Growing up, my parents stressed the importance of education, but also the importance of finding a balance between school and fun. Therefore, while my schoolwork has always been my top priority, I have always made time for extracurricular activities such as sports and clubs. In high school, I played as a power forward for my high school's varsity basketball team during my sophomore and senior year, but ran track & field during my junior year due to an arm injury which prevented me from playing basketball junior season. Upon graduating from Holliston High School in 2016, I decided to further my academic career at the University of Massachusetts in Amherst, where I currently study marketing. Upon finishing my undergraduate career, I aspire to work for a creative advertising firm.

10. Anthony Thomas Cardone – Biology 2020

- a. Email: acardone@umass.edu
- b. Phone Number: (508) 369-0381
- c. Involvement: Wrestling Club
- d. Biography: I grew up in a small town, Norton, Massachusetts. While at Norton High School, I was an honor roll student and wrestling captain of a state finalist team. I went to Springfield College and majored in Athletic Training. I had a change of interest and transferred Spring Semester of my freshman year to the University of Massachusetts Amherst for Biology. That semester, my roommate, a brother of Sigma Chi Omega, got me to rush and I have never been happier.

11. Bryan J. Cleary – Finance 2018

- a. Email: bcleary@umass.edu
- b. Phone Number: (508) 439-2874
- c. Involvement: Finance Society, Club Golf, Ski & Board Club
- d. Biography: My Name is Bryan Cleary, an eagle Scout from Worcester, MA with an Isenberg Citizens First Certificate (obtained by 100+ community service hours

while on campus). I've held various positions throughout my time with the colony, including Magister and Scholarship Chair. I spent Summer '17 in NYC as a Structured Credit Analyst and plan to pursue a career in finance upon graduation. During my free time, I enjoys fishing, playing golf, and engaging in community service.

12. David L. Conway – (Pre-Dental) Biology 2018

- a. Email: dlconway@umass.edu
- b. Phone Number: (978) 881-9487
- c. Involvement: Lab tech at Brigham & Women's Hospital
- d. Biography: My name is David Conway, son of Michael and Carol Conway. When not living off-campus in Amherst during school, I reside with my family in the small town of Ipswich, Massachusetts. Until 2010, I lived with my family of five in Roanoke, Virginia, where I was born. I have a younger brother who recently joined the Navy, and currently attends MIT. I also have a half-sister who is married and a mother of two, and soon to be mother of three. My family and friends are very important and have had a great influence on who I am today. I have always strived to challenge myself academically, knowing that I am capable of rising above the level of "average". At UMass Amherst, I am a senior majoring in Biology and minoring in psychology. After graduation I intend on applying to many programs in the medical field. In addition to striving daily to expand my intelligence, I like to stay busy and physically fit. My athletic involvement in high school consisted of one year of cross country, 3 years of football, 2 years of wrestling, and 2 years of boxing. While at college, I joined the crew team for a semester, spent a year volunteering at the Amherst Fire Department Student Force, and have held executive positions since joining the Sigma Chi Colony in the fall of my sophomore year. I was social chairman for one semester, and recruitment chairman for two semesters. All of my experiences throughout life such as my involvement in the Boy Scouts, moving to an entirely new state, my academic and athletic experiences, involvement in Greek life, volunteer experiences, and the presence of family and friends to support my endeavors have made me confident and eager in my future ability to communicate and interact with people.

13. Collin P. Couillard – Resource Economics 2018

- a. Email: ccouillard@umass.edu
- b. Phone Number: (978) 771-6275
- c. Involvement: Intramural Soccer, Flag Football, Basketball, and Softball
- d. Biography: My name is Collin Couillard, I am a senior from UMass, originally from North Andover, Massachusetts where I played football and baseball. I still play intramural sports here at UMass, and I like the outdoors. I love traveling as well, and spent my Spring 2017 semester studying abroad in Australia.

14. Nicholas H. Cunha – (Pre-Medical) Public Health & Spanish 2018

- a. Email: ncunha@umass.edu
- b. Phone Number: (401) 862-9088
- c. Involvement: Injury Care for Campus Recreation, Amherst Firefighter, EMT
- d. Biography: My name is Nicholas Cunha. I was born in Providence, RI on the 21st of December 1995 to Karen and Edward Cunha of East Providence, RI. I am the oldest of 4 kids, and have a sister and two brothers. Shortly after my sister was born, we moved to Seekonk, MA where I grew up. I attended High school at Bishop Feehan in Attleboro, MA. During that time, I developed a love for science, lacrosse, and the culinary scene surrounding fish. I spent many days after school working for an innovative local family fish market and restaurant, where I learned the fundamentals of business, customer service and cooking food that's healthy sustainable and damn good. I went on to attend UMass Amherst where I am pursuing a degree in Public Health and Spanish which will hopefully set a foundation for a career in medicine. During my time at UMass I have found enjoyment in serving the community of Amherst and UMass as a student firefighter and EMT. I studied abroad in Seville, Spain where I solidified my affection for the country, language, and history. I thoroughly have enjoyed my time at UMass and the growth it has provided and look forward to what the real world has to offer come graduation in May of 2018.

15. Santino T. Dandini (Quaestor) – Resource Economics, IT Minor 2019

- a. Email: sandini@umass.edu
- b. Phone Number: (978) 503-9960
- c. Involvement: Lifeguard, Self-Employed Painter
- d. Biography: My name is Santino Dandini and I was born on Groundhog's Day in 1997. My parents' names are Melanie and Steven, and I have an older brother named Nico with a younger brother named Gaetano. My parents have always pushed us to be the best students we could be along with the sports we chose to do. My sport of choice from elementary school until end of middle school was baseball, until sophomore year of high school where I decided to start swimming. Junior year I qualified for nationals, which I attended again the following year. There were many division 2 and 3 swimming offers coming my way, but attending UMass Amherst was my priority due to postgraduate opportunities. I was forced to attend Fitchburg State University, but that didn't stop me from my goal. For one semester, I took classes at FSU and transferred to UMass which is where I thrived academically and socially. My major is Resource Economics with a concentration in Finance and a Minor in IT. With this, I believe my skills and interests will guide me through a career involving data analysis and finance.

16. Zachary J. Esposito – Resource Economics 2020

- a. Email: zesposito@umass.edu
- b. Phone Number: (860) 395-7166
- c. Involvement: Streetwear Company 'Laska Clothing' and 'Plug Supreme'

- d. Biography: Hello, my name is Zack Esposito. I was born September 19, 1998 in Westbrook Connecticut, a small beach town on Long Island sound. I've grown up in the small town of Westbrook with my parents and two younger sisters my whole life. Although Westbrook is as cozy and as friendly as small Connecticut towns get, when college decision time came I knew it was time to step out of my comfort zone. Both of my parents graduated from the University of Connecticut so naturally they steered me that way. However, after a little research and one visit, I was hooked on the idea of going out of state to the University of Massachusetts. Luckily, my parents are very loving and supported me and my decision to study Resource Economics as UMass. Stepping out of my comfort zone freshman year, going from classes of 10 kids to classes of 300, was certainly a major adjustment, but one that I've overcome with immense support from my family and a great group of friends. Without the love and support from my family and friends I would have never adjusted this well to college, be doing as well as I am in school, or be as happy as I am.

17. Kevin R. Falk – (ECE) Computer Engineering 2020

- a. Email: xkfalkx@gmail.com
- b. Phone Number: (631) 979-1872
- c. Involvement: Intramural Flag Football
- d. Biography: My name is Kevin Falk. I was born August 3rd, 1998 in Smithtown, NY. My father's name is Gordon Falk and my mother's name is Cathleen Falk. I am the youngest in my family. I have a sister, Jacqueline, who is three years older than me and a brother, Greg, who is 7 years older than me. My parents have raised me to value hard work and perseverance. From a young age, this has inspired a love for business and entrepreneurship in me that has persisted to this day. From lemonade stands, to selling baseball cards, to computer repair, I have always loved working at something I can call my own. I have also always been extremely curious and especially interested in technology. This influenced me to build my first computer in Middle School and learning to program when I got into High School. During this time, I also played lacrosse and wrestled. I focused on doing the best I could in high school and I am fortunate enough to have Computer Engineering major. During my time here, I am going to learn everything I can in my field and make as many connections as possible because, after I graduate, my dream is to use what I learn at school and start my own technology startup.

18. Ryan J. Fantasia (Member-at-Large & Scholarship) – (Pre-Medical) Mathematics 2018

- a. Email: rfantasia@umass.edu
- b. Phone Number: (978) 380-8400
- c. Involvement: Research assistant and paper grader for the Mathematics department.
- d. Biography: My name is Ryan Fantasia, a Mathematics major and Biology minor, looking to pursue an M.D./Ph.D program. Currently, I use quantitative approaches

to model and investigate problems in biomedicine. My specific interests are in molecular and neurobiology.

19. Tyler J. Fitman (Judicial) – Finance, IT Minor 2018

- . Address:
- a. Email: tfitman@umass.edu
- b. Phone Number: (508) 981-0620
- c. Involvement: Senior Analyst in the Minuteman Fixed Income Fund, Recreation Center
- d. Biography: My name is Tyler Fitman, a senior currently pursuing a degree in Finance in the Isenberg School of Management as well as an IT minor. I've held various positions in Sigma Chi Omega throughout my time as an undergraduate including Community Service Chair and Fundraising Chair. I've spent this past summer as an Investment Research Intern for Opus Investment Management in Worcester, MA. I enjoy fishing, soccer, and running.

20. Nathaniel C. Glaster – Resource Economics & Sports Management 2018

- a. Email: nglaster@umass.edu
- b. Phone Number: (978) 500-0284
- c. Involvement: Isenberg Management Association, Intramural Flag Football
- d. Biography: My name is Nate Glaster, a senior currently majoring in Sports Management and Economics in the Isenberg School of Management. I've held various positions in Sigma Chi Omega throughout my time as an undergraduate including executive board member and community service chair. I spent my summer in Boston as a business operations intern for a startup called ISlide. I enjoy biking, boating, and engaging in service in his free time.

21. Matthew Dennis Green (Design) – Marketing 2018

- a. Email: matgreen@umass.edu
- b. Phone Number: (508) 789-0561
- c. Involvement: Outdoors Club, Journalism
- d. Biography: My name is Matthew Green. I was born December 21, 1997 in Newton, MA. I was raised in Ashland, MA by my parents, David and Sandra Green. I have a sister, Olivia, who is two years younger than me. I have always held my family as the greatest importance in my life. They have shown unconditional love and unwavering support. For as long as I can remember I have had a passion for sports. I found athletics came naturally, as it ran in both sides of my family. I played baseball and soccer throughout my childhood until I found my calling in lacrosse. I played varsity lacrosse at Ashland High School all four years, meanwhile playing on club teams during the offseason. Throughout my time in high school I also participated in football, track and soccer. Although athletics had a large impact on my time in high school, I still held myself to high academic standards. I graduated from Ashland High School with honors and roles in various clubs. After graduation I chose to attend the University of Massachusetts Amherst. Here, I study marketing at the Isenberg School of

Management in hopes to one day find a career in fashion marketing. After a year of building friendships and making memories, my time here will surely be an adventure.

22. Christian P. Hanke (Sweetheart) – Finance. IT/Economics Minor 2020

- a. Email: chanke@umass.edu
- b. Phone Number: (781) 206-0602
- c. Involvement: Campus Dining Hall Ambassador, Intramural Flag Football, Isenberg International Business Fellows Program, SophoMORE Innovations & Entrepreneurship
- d. Biography: My name is Christian Hanke. I was born December 12, 1997 in Sydney, Australia. My father's name is Stefan Hanke and my mother's name is Diana Hanke. I am the oldest of 3 children and have 2 younger brothers, Oliver who is 2 years younger than me and Alex who is 8 years younger than me. From a young age, my parents instilled the values of handwork and respect in all aspects of my life, whether it be school, athletics, or socially. This motivated me at a young age to explore a multitude of realms from basketball to robotics. When I was 12 years old, my family moved from Sydney to Boston because of my father's work. I attended the local high school and graduated with a 4.1 GPA. I also started on the varsity football and basketball teams as a cornerback and point guard, respectively. When I was 17, my father passed away in a tragic skiing accident. This took a huge toll on my family, however we persevered and used the common hardship as a way to lean on each other and strengthen our bonds. I now attend the University of Massachusetts Amherst in the business school as a Finance major, Economics/IT double minor. I am an analytical, highly motivated, results driven student and strive for success. When I graduate, I want to move to New York City and work as an investment banker for a bulge bracket bank. This goal motivates me every day and is something that I am constantly working towards.

23. Andrew P. Hernberg – Resource Economics 2018

- a. Email: ahernberg@umass.edu
- b. Phone Number: (617) 759-0742
- c. Involvement: DKMS Delete Blood Cancer, Administrative Assistant for Campus Center, Intramural Volleyball, Basketball, and Flag Football
- d. Biography: My name is Andrew Hernberg and I was born August 18th 1995 in Boston Massachusetts. I am the oldest of four kids. When I'm not at school I live in Needham, Massachusetts with my two wonderful parents, my two little sisters, my little brother, and my two dogs. I love sports, both playing and watching them. I am especially fond of the all Boston sports teams. I am a senior economics major at the University of Massachusetts-Amherst. After graduation I am thriving to work at a financial institution in Boston.

24. Conor R. Hill – Civil Engineering 2020

- a. Email: conorhill@umass.edu
- b. Phone Number: (781) 698-7121
- c. Involvement: UMass Rugby, Engineering Without Borders, American Society of Engineers
- d. Biography: My name is Conor Hill. I was born on February 2nd, 1998 in Cambridge, Massachusetts. I have lived in Lexington, Massachusetts my entire life. At Lexington High School, I participated in several sports including baseball, and track, where I placed 8th in All-State Javelin. I was also the founder of a video game club, which is now one of the most popular clubs at Lexington High. I am currently attending the University of Massachusetts Amherst as a sophomore. I am a civil and environmental engineering major. At the University, I play club rugby, and I am a part of two clubs: Engineering Without Borders and the American Society of Civil Engineers. While not at school, I work at a moving company and a baseball umpire. In my free time, I enjoy playing basketball, hiking, and hanging out with my friends.

25. Kyle D. Hill (Athletics) – Biochemistry & Molecular Biology 2019

- a. Email: kdhill@umass.edu
- b. Phone Number: (508) 439-7254
- c. Involvement: Intramural Sports, Football
- d. Biography: My name is Kyle Hill. I was born July 25th, 1997 in Boston, Massachusetts. Raised in Southborough, Massachusetts. My father's name is Stephen Hill and my mother's name is Mary Hill. I have two brothers, Sean and Jack, who are 3 years older and 4 years younger than me, respectively. I am the middle child in an upper-middle class family, and have been lucky enough to be given every opportunity to succeed. Since I was a young boy, my father taught me to be a leader and that has allowed me to become the independent person I am today. Most of these lessons were taught through athletics, and although my dad never pushed me towards any sport, I felt myself drawn to playing them. I have played soccer, basketball, baseball and football since the first and second grade, and always found myself trying to take on a leadership role in all of these sports. Once I first got to high school, I still wanted to be involved in as many athletics as possible, so I played baseball, football and basketball on the freshman teams. As a sophomore I started playing JV soccer and basketball, while mostly leaving the spring and summer seasons open so I could focus on getting a job and working. When I was a junior and senior, I played varsity football and basketball, earning an All-Star selection mine senior year for football. Although I have always had a passion for sports, I have also made sure to excel in the classroom. I graduated Algonquin Regional High School as the 25th ranked student in my class with a GPA of 4.69 out of 5. I decided to attend the University of Massachusetts-Amherst and be a member of the Commonwealth Honors College. I chose UMass based on its proximity to home and its reasonable tuition, and I find it to be a great university with many opportunities to expand your connections and

knowledge. Joining Sigma Chi has been by far the best and most enjoyable experience of my time here at UMass.

26. Sean M. Kalivas (Historian) – Exploratory Track of Public Health 2020

- a. Email: skalivas@umass.edu
- b. Phone Number: (978) 998-2932
- c. Involvement: Basketball, Fitness, Nutrition
- d. Biography: My name is Sean Kalivas, I was born March 17, 1998 in Beverly, MA. My father Steve Kalivas and mother Holly Kalivas run their own small business, Advanced Cleaning Concepts. I have one older brother Steven, who is 22 months older than me, and a younger sister Kristen, who is 4 years younger than me. Since I was a child, my family would always schedule around 3 trips yearly which has kept the ever changing lives we live as close as possible. My parents were a large influence in the choices I made during my adolescence. One being athletics which led to a high school career of football, basketball, and lacrosse for 4 years at Beverly High School. I am planning on leaving the exploratory track of public health and advancing towards a nutrition major.

27. Eli D. Kanter - Finance & Sports Management 2018

- a. Email: elikanter@verizon.net
- b. Phone Number: (508) 642-8788
- c. Involvement: Club Soccer, Jewish Leaders in Business, Center for Women in the Community, DKMS Delete Blood Cancer
- d. Biography: My name is Eli Kanter, a hardworking, diligent, honest, and competitive individual with a drive to always improve. As a double major in Finance and Sport Management, I've been able to combine my interests in European soccer and my love for the financial markets. My success in the classroom and outside has allowed me to participate in internships with environmental non-profits, the marketing company Epsilon and John Hancock Investments. I am active on campus, holding a job as a supplemental instructor for calculus, creating events for Jewish Leaders in Business and playing club soccer for UMass. My activity in the colony has allowed me to take up leadership positions such as risk manager and allowed me to volunteer more often with non-profits like DKMS. Hopefully, I can be a role model to future Sigma Chis and give back to the colony.

28. Dylan Kehoe – Resource Economics 2020

- a. Email: dkehoe@umass.edu
- b. Phone Number: (508) 330-8041
- c. Involvement: Hockey, Golf
- d. Biography: My name is Dylan Kehoe. I was born on October 26th, 1997 in Framingham, MA. My father's name is James Kehoe and my mother's name is Terry Kehoe. I have one older sister who is a year and a half older than me. My parents have always supported and believed in me and have provided me with

endless opportunities. Both of my parents were big into sports and had me playing hockey and baseball since I was young. When I was younger, I excelled at both of these sports and found myself constantly being at the ice rink or the baseball diamond. As time went on I became less involved in these sports but still played both at Westborough High School. I served as team captain for both sports my senior year of high school. While also focusing on sports, I kept my academics a high priority. After graduating from Westborough High in 2016, I attended Bryant University for a year as a Finance major. I made many close friends but felt like the school was not right for me. Ultimately, I decided to transfer to UMASS Amherst for the fall of 2017. I am currently an Economics major but am still interested in possibly studying finance in the coming years of college.

29. William T. Kopaciewicz (Judicial) – Geology 2018

- a. Email: wkopaciewicz@gmail.com
- b. Phone Number: (978) 914-0574
- c. Involvement: Scuba Diving TA, Climate Research, Fishing, Hiking
- d. Biography: My name is William T. Kopaciewicz. I was born December 8, 1995 in Beverly Massachusetts. My father's name is William D. Kopaciewicz and my mother's name is Martha H. Kopaciewicz. I have one sister Sarah who is four years older than I. I played varsity soccer and tennis in high school. In tennis I was captain of the team. I also spent a lot of time hunting and fishing and still do. I have yet to meet a man who can out-fish me one on one in any species in New England. After highschool, I always knew I wanted to go to Umass Amherst, and I made it happen and it has been truly one of the greatest choices I have ever made. I have made many friends along the way and am proud to be where I am today. I am close to obtaining a B.S in geology and am looking to move onto grad school next year.

30. Aleksander B. Kuljic (Assistant Quaestor) – Mathematics 2019

- a. Email: akuljic@umass.edu
- b. Phone Number: (978) 500-7620
- c. Involvement: Intramural Sports
- d. Biography: My name is Aleks Kuljic, I was born on March 10th 1997 in Los Angeles California. My parents' names are Michelle Holland and Bozidar Kuljic. I was very young when they got divorced and we moved back to Ipswich Massachusetts with my grandparents. Living with my grandparents my whole life has been an amazing experience. We live right on the Ipswich River so my grandfather always brought my brother and me out on his boat. He even helped me get my boaters license when I was 14 years old. Throughout my childhood both my mom and grandparents emphasized that nothing comes easy in life and that if I wanted something that I needed to work for it. That is why I am pursuing a degree in Actuarial Mathematics from UMass Amherst. It's been hard so far and I know it won't get any easier but I know in the long run that it will all be worth it.

31. Henry F. Lee (IFC) – Finance, IT Minor 2020

- . Address: [REDACTED]
- a. Email: henryflee1998@gmail.com
- b. Phone Number: (339) 235-4663
- c. Involvement: Investment Club, Intramural Flag Football, Basketball, Volleyball, Student Ambassador for UMass Dining
- d. Biography: My name is Henry Lee. I was born on July 2nd, 1998 in Boston, Massachusetts. My hometown is Braintree, MA, a medium-sized suburban town south of Boston. I grew up here with my parents and my two brothers. My father's name is Joseph Lee and my mother's name is Mary Lee. My brother Harrison is 4 years younger than me and is a sophomore in high school, while my other brother is 4 years older and works for a wealth management company in Manhattan, New York. My parents are my biggest role models and I have been close with my brothers for my whole life. I am a competitive individual and played basketball, baseball, and soccer until high school, where I stuck with soccer for 4 more years. After graduating from Boston College High School in 2016, I sent a deposit to Fordham University in the Bronx, NY but withdrew my deposit immediately after being accepted to the Isenberg School of Management at the University of Massachusetts Amherst. This has been the best decision of my life and the past year and a half at UMass has been incredibly eye-opening for me; socially and academically. Currently, I am pursuing a Finance major with a minor in Information Technology. For the future, I would like to work in wealth management.

32. Matthew C. Levey (Public Relations) – Sociology, Education Minor 2018

- . Address: [REDACTED]
- a. Email: mlevey@umass.edu
- b. Phone Number: (617) 610-2531
- c. Involvement: University Programming Council
- d. Biography: My name is Matthew Levey, and I am a senior here at UMass. I like to play basketball and enjoy watching sports. I hope to build a relationship with every brother and get us to be the top fraternity at UMASS.

33. Jon-Kingston Lockwood – Economics 2018

- . Address: [REDACTED]
- a. Email: jonkingstonl@umass.edu
- b. Phone Number: (857) 413-9666
- c. Involvement: Skateboarding, Surfing, Photography, Traveling
- d. Biography: My name is Kingston Lockwood. I was born on May 21, 1996 in Boston, MA. My father's name is John Lockwood and my mother's name is Melisa Kassel. I have one brother, Julian, who is 24. My family is very important to me and hold a huge aspect of my life. My trust in their guidance, has lead me through life.

34. Gavin J. Macdonald (IFC) – Economics 2019

- . Address: 418 Davis St, Northborough, MA 01532
- a. Email: gjmacdonald@umass.edu

- b. Phone Number: (508) 768-7508
- c. Involvement: Ski & Board Club, Basketball
- d. Biography: My name is Gavin John Macdonald and I was born on November 26th, 1996. My mother's name is Diane and my father's name is Andrew. I have two older brothers, Duncan and Cameron. Me and my family have been extremely close having moved to five different states over my lifetime. Growing up I found my own love for the game of basketball. I had balance my love for basketball at the same time while maintaining my passion for an above average academic standing. I then was able to apply and attend the University of Massachusetts. I went into college not sure what I wanted to study but finally found an interest in Economics. I want to use my knowledge in Economics to hopefully pursue a career at a reusable energy company.

35. Jack Michael Mazeika (Kustos) – Finance, Math Minor 2020

- a. Email: jmazeika@umass.edu
- b. Phone Number: (508) 868-1959
- c. Involvement: Executive Committee for Ski & Board
- d. Biography: My name is Jack Mazeika. I was born August 11th, 1998 in Springfield, Massachusetts. My father's name is Michael Mazeika and my mother's name is Leanne Mazeika. I have one sister named Elise Mazeika who is five years younger than me and one brother named Thomas Mazeika who is two years younger than me. From a very young age, my parents stressed the importance of my academics. Throughout high school I kept my grades up and played baseball and football. Upon graduating Tantasqua regional high school, I chose to attend the University of Massachusetts Amherst, and pursue a degree in finance from the Isenberg School of Management, as well as a minor in mathematics. During the summer of 2017, I was a summer intern to a team of financial advisors at the Morgan Stanley office in Worcester, Massachusetts. This experience only reaffirmed my passion for finance, as well as gave me vital experience that will be used in further internships. After graduating college, I hope to start out day trading, then return to school to study for my MBA, and then pursue a career in corporate finance.

36. Mathew J. Mitchell (Proconsul) – (Pre-Medical) Biochemistry & Molecular Biology 2020

- a. Email: mjmitchell@umass.edu
- b. Phone Number: (781) 686-4511
- c. Involvement: Executive Committee for STEM Ambassadors Program, DKMS, Pre-Med Society, Mentors middle school students, Biochemistry Club, Polymer Lab research
- d. Biography: As the son of a small business owner, I grew up with ambitions of one day running my father's company. In high school I took many business classes and studying marketing techniques, until my junior year when my father was diagnosed with a rare form of cancer, called ampullary cancer, which crippled the

family business that my father had worked so hard to create. After years in the hospital and many surgeries later, I decided that business wasn't the path I wanted to take and decided I wanted to be a doctor.

37. James L. Molzan (Social) – Environmental Science & Resource Economics 2019

- a. Email: jmolzan@umass.edu
- b. Phone Number: (201) 248-4495
- c. Involvement: Library Employee, Intramural Sports, Photography, Traveling, Biking
- d. Biography: My name is Jimmy Molzan. I was born on April 9th, 1997 in Ridgewood, NJ. I grew up in northern New Jersey my entire life in a town called Allendale in the suburbs of NYC. I have one sister who is six years older than me and two supportive parents. I was always an athletic kid and always strived to be my best in school. From a young age, I have had a drive and ambitious attitude towards everything I do. I chose UMass because it was close to home but also a completely new experience. I am studying Environmental Science and Resource Economics in hopes to work in the field of sustainability and the economics aspect of the energy we use.

38. Jacob T. Morizio (Annotator) – BDIC Social & Behavioral Sciences 2020

- a. Email: jacobmorizio@gmail.com
- b. Phone Number: (518) 860-7933
- c. Involvement: Student Government Association Senator, Ways & Means Committee member, House Council Vice President
- d. Biography: My name is Jacob Morizio. I was born on August 24th, 1998 in Albany, NY. I have two siblings. One is my sister Morgan Morizio who is 16 years old and the other is my brother Alek Morizio who is 28 years old. Growing up, I learned how to play the Alto Saxophone and became very proficient in performing jazz charts. I was accepted into my high school's 'Cadet Blues Jazz Band' and won many awards at both our local and national competitions. After graduating high school, I fell off from performing on my instrument. However, I have found a new love in studying 'Music Business & Production' and hope to make a career out of it some day. If it wasn't for the support both my mother Patricia Morizio, and my father Louis Morizio gave me, I don't think I'd be where I am today. Getting this opportunity to study at such a revered university has provided me great insight into what I can accomplish in the future. I'm currently making large strides here on campus by taking on leadership roles in different organizations. I've been elected as a Senator for the Student Government Association and a member of the Way & Means Committee, was Vice President of my House Council, and currently hold the position of 'Annotator' here in our colony. I look forward to what the future brings me and can only imagine the countless memories that will be had.

39. Andrew Robert Mosca – Accounting 2018

- a. Email: armosca@umass.edu
- b. Phone Number: (781) 354-2168
- c. Involvement: Tutoring for Accounting, Sailing Instructor, Finance, Politics
- d. Biography: My name is Andrew Mosca, an accounting major entering the world of acquisitions & mergers. This past semester I spent two months in Australia studying and learning how to surf. I currently work for Ernst and Young, and will be going into consulting post-graduation. I am an avid golf fan whose favorite place in the whole world is Cape Cod. I am the youngest in my family of three brothers, the middle sibling being a Sigma Chi from Elon University.

40. Jack T. Mullin – Accounting 2018

- a. Email: jtmullin@umass.edu
- b. Phone Number: (508) 439-0880
- c. Involvement: Construction, Ice Hockey, Basketball, Fitness
- d. Biography: My name is Jack Mullin, a senior accounting major from Northborough, MA. I've been involved in the colony since freshman year and served as quaestor for six semesters. I completed the Summer 2017 Tax Internship at KPMG Boston where I will be returning to work full-time as a tax associate following graduation. I am interested in music and guitar, and playing intramural hockey in the Mullins Center Adult Hockey League.

41. Jack R. Nichols – (Pre-Veterinary) Russian 2018

- a. Email: jrnichols@umass.edu
- b. Phone Number: (603) 249-6498
- c. Involvement: Coding, Computer Science, Eastern languages, Animal Care
- d. Biography: I am a senior at UMass from New Hampshire. I am majoring in Russian and Eastern European studies and recently returned from living in Russia. Now, I am pursuing veterinary medicine and I am interning at several clinics. I love animals and I like to live an active lifestyle through sports and hiking.

42. Griffin O'Driscoll (Consul) – Biochemistry & Molecular Biology 2020

- a. Email: godriscoll@umass.edu
- b. Phone Number: (978) 844-7602
- c. Involvement: DKMS, Biochemistry Club, Office Assistant for UMASS Facilities
- d. Biography: My name is Griffin O'Driscoll, a Biochemistry & Molecular Biology major from Northborough, MA. I started school at Arizona State University as a marketing major, transferred to UMass-Lowell, and by the beginning of sophomore year found myself at UMass Amherst as a founding member of the colony. I have interests in science, technology, business, and the intersections between them. After graduation, I hope to continue my education in graduate school.

43. Paul Francis O'Kelly – Finance & Sports Management

- a. Email: pokelly@umass.edu

- b. Phone Number: (781) 548-1236
- c. Involvement: Intramural Basketball, Personal Investment, Professional & College Sports, Golfing
- d. Biography: Named after my dad John Paul O'Kelly, he is a first generation immigrant from Wicklow, Ireland, which is about twenty minutes south of Dublin. I have been fortunate enough to visit my family that still all live in Ireland and around Europe. My mom, Diane O'Kelly grew up all over the Midwest and eventually when she got to high school they landed in Ithaca, New York where she also attended Cornell University. I have one younger brother, James O'Kelly currently a senior at Masconomet Regional High School, like myself he plays on the golf team and enjoys caddying at Myopia Hunt Club. Personally in high school I really enjoyed playing on the varsity golf and basketball teams, playing forward for my team. I decided to come to UMass because of their nationally acclaimed Sports Management program. After my time here I have really gotten a great experience out of the Isenberg School of Management, majoring in Finance and Sports Management. In the future I hope to get into private equity or eventually hope to work in college athletics potentially as an athletic director. Getting involved with Sigma Chi since my freshman year has truly been a life changing experience, watching us grow from a small group meeting in a common room to family of about 60 men that I love spending every moment with. As a senior there are many things I will miss about college, but the friends I have made here are what I will miss the most.

44. Michael J. Ostrowski (Recruitment) – Resource Economics 2019

- a. Email: mjostrowski@umass.edu
- b. Phone Number: (774) 230-4228
- c. Involvement: Basketball
- d. Biography: My name is Michael Ostrowski; I was born July 6th, 1997 in Worcester Massachusetts. My Father's name is Sean Ostrowski and my mother's name is Jill Ostrowski. I have two sisters, Allie, whom is 2 years older than me, and Amy who is 5 years younger than me. I have always been a very family oriented person and have a very strong relationship with both of my sisters and my mother. My father had always been one to teach me how to play several different sports that I would spend all of my childhood playing but, none of which I would play in high school as I was a basketball player, the sport that my mother had forced me to try out for in 6th grade. I cannot thank her enough because since that point my life has been revolving around the sport. I owe many of my great friendships to the sport as playing all four years in high school with the same people that now I would call my closest of friends. Although I play a lot of basketball I am not one to forget about my academics. I had attended Westfield State University my freshman year after getting denied by UMASS Amherst out of high school. I entered Westfield with the motive of achieving the best possible grades and getting accepted into UMASS come my sophomore year. The pieces fell perfectly into place and now I find myself more academically driven than I

have ever been before with the motive of securing a future career in the business world.

45. Mustafa E. Ozsoy – Food Science 2018

- a. Email: mozsoy@umass.edu
- b. Phone Number: (413) 244-5193
- c. Involvement: Food Science Club, Turkish Student Association
- d. Biography: My name is Mustafa Ozsoy. I was born December 1, 1996 in Izmir, Turkey. My father's name is Mustafa A. Ozsoy and my mother's name is Michele Ozsoy. I have one brother Cagan, who is twenty-nine years old and Erensu who is three years older than me. From a young age, family was always important in my life and I had a great support system as I grew up. My parents have selflessly guided me in the right directions and provided me with everything I could need. I went to school in Turkey till I was a freshman in high school. My parents decided to send me to a military boarding school for high school in Virginia. I spent four years at Fork Union Military Academy practicing leadership skills and the military discipline. I played varsity soccer, varsity lacrosse and ran track. I made sure to keep my academics a high priority. After graduating from FUMA I decided to attend UMASS Amherst. I'm a senior and I'm majoring in food science. I'm planning on applying for masters in the same major and for business later on. For future careers, I'm planning on becoming a product developer or research and developer.

46. Tirso Armando Peña – (Pre-Medical) Biochemistry & Molecular Biology 2018

- a. Email: tirsopena95@gmail.com
- b. Phone Number: (781) 441-9026
- c. Involvement: Vice President of DKMS Delete Blood Cancer, Latinos Unidos, Sisters on the Runway, Center for the Women in Community, David Project
- d. Biography: Hi, my name is Tirso. I have three siblings - an older brother and sister, as well as a younger brother. My father is from Santo Domingo, Dominican Republic and immigrated to the United States in his early 20s. My mother is from Guayaquil, Ecuador and immigrated to the United States in her teens. They are now successful business partners in real estate, operating in the Greater Boston Area and Providence. I spent half of my life growing up in Roslindale, MA, and the second half growing up in Westwood, MA. I like to explore, debate, discuss, and learn science. I also like to perform community service for the elderly. I hope to one day become a medical doctor.

47. Cooper C. Penniman – Undecided 2021

- . Address: 7 Parker St, Lexington, MA 02421
- a. Email: cpenniman@umass.edu
- b. Phone Number: (617) 955-9477
- c. Involvement: Investment Club, Finance Society
- d. Biography: I'm Cooper Penniman. Born on January 25th 1999 in New Haven, Connecticut. I grew up in Guilford, Connecticut before moving to Lexington,

Massachusetts at the age of 8. Growing up, I was an avid sports player playing baseball, basketball, and football throughout my childhood. In high school, I started to get interested in business and ran the Investment and Entrepreneurship clubs my senior year. While I toured many schools throughout my senior year, UMass Amherst felt like home. So when I received my UMass acceptance letter, it was clear where I would be spending the next four years. Wanting to expand my business experience, I interned at Fidelity Investments the summer after my senior year. I am currently on the Computer Science track and plan to work in the financial sector after college.

48. Daniel T. Perry – Electrical Engineering 2020

- a. Email: dperry@umass.edu
- b. Phone Number: (978) 302-4281
- c. Involvement: DKMS, Real Estate
- d. Biography: My name is Daniel Perry. I was born on September 28, 1997 and spent most of my life in Tyngsboro, Massachusetts. I am the oldest sibling of 2 and grew up in a small town of around 10,000 people. I graduated from Tyngsboro High School in 2016 and participated on the Varsity hockey and football teams. In high school I developed strong interests in physics and math, partially due to the influence of my physics teacher Mr. Rhine, which ended up playing huge roles in my decision to major in Electrical Engineering with a minor in Physics at the University of Massachusetts – Amherst. I was blessed to have two loving parents who provided me a floor and support to always fall back on. They created an environment for me to make my own decisions and learn the consequences of those decisions when they turned out to be wrong or misguided, but the floor they provided allowed me to pick myself up and not fall behind because of those misguided decisions. They did not attempt to sway or persuade me in any particular path in life, and allowed me to choose my own path and choose what I desired to do with my time, and for that I will be forever grateful. Once done with my undergraduate studies at UMass I plan on applying the skills I've acquired here in unique and creative ways in the field of engineering, where I will hopefully find something I am truly passionate about which I can then develop a rewarding career around.

49. William Leon Polymeros – Sustainable Community Development 2020

- a. Email: billypolymeros@gmail.com
- b. Phone Number: (508) 768-8098
- c. Involvement: Cradles for Crayons, Football
- d. Biography: My name is William (Billy) Polymeros. I was born on July 21st, 1997. I'm from Northborough, MA. My father's name is Dean Polymeros and my mother's name is Harriett Polymeros. I have a 23 year old sister, Athena, who graduated from UMass. I have two younger twin brothers, John and Mark, who are seniors in high school. Both sides of my family are big and all of my cousins live in Massachusetts except one family in Florida, so I have always been really

close with my family. My parents have always taught me that the only way to achieve anything is through hard work and dedication. My parents knew from a young age that I was going to be an athlete, I played soccer, baseball and basketball when I was young. In middle school I played travel basketball and AAU baseball. My mother was always concerned for my health, so it wasn't until my freshman year when she let me play football. I played baseball for two years and football all four years at Algonquin regional high school. I was the starting running back my last two seasons and was voted as a team captain my senior year. Still until this day it is my most proud achievement. In high school I juggled my school work and sports by setting a strict schedule of starting my work once I got home from practice. After graduating from Algonquin regional high school, I attended Framingham state university. I was undecided and received a spot on the football team. I felt very close to home there and made friends with all of my teammates. I decided to transfer to UMass this year because I wanted a school that had my major of interest which is sustainable community development. For future careers I want to work for a solar company because not only will that be big in the near future, it is truly a career that is aimed at saving our world for future generations.

50. Brett J. Robinson – Accounting 2018

- a. Email: bjrobinson@umass.edu
- b. Phone Number: (617) 699-4131
- c. Involvement: DKMS, Basketball
- d. Biography: My name is Brett Robinson. I was born July 17, 1996. I have two sisters, Samantha, who is my twin sister, and Rene, who is younger than me. I have always been very involved in sports. I am a huge fan of the New England Patriots and Boston Celtics. At Sharon High School, I played lacrosse in the spring and did wrestling in the winter. After high school, I chose to attend the University of Massachusetts Amherst and enroll in their business school. After graduation, I will begin work at BlumShapiro, a regional accounting firm in New England.

51. Joseph F. Ryan – Accounting 2018

- a. Email: jryan@umass.edu
- b. Phone Number: (617) 645-1744
- c. Involvement: Treasurer of DKMS, Beta Alpha Psi (Accounting)
- d. Biography:

52. Garrett J. Scholl – Economics 2019

- a. Email: gjscholl@umass.edu
- b. Phone Number: (774) 262-4696
- c. Involvement: Intramural Sports, UMass Grounds Crew
- d. Biography: My name is Garrett Scholl. I was born February 27, 1997 to a large family in Northborough, Massachusetts. I have three siblings, two sisters and one

brother. I have two older siblings, one sister and one brother. My older sister is 25 and now in grad school at the University of Michigan while my older brother is in grad school at the University of McGill. My younger sister just entered her freshman year at the University of Pittsburgh. As a young child and through high school I spent a lot of my time being an athlete in basketball and football. I played varsity in football and loved every second of it. My first semester after high school I spent serving as a member in the FEMA AmeriCorps program where I mainly worked in flood stricken South Carolina and helped calves houses for damage that had been done. After six months in that program I was accepted to UMASS and eventually decided to major in managerial economics. Currently, I am looking into jobs or internships for next summer to further my professional career and look forward to the opportunities ahead.

53. Brandon R. Seaver (Risk Manager) – Political Science 2018

- a. Email: bseaver@umass.edu
- b. Phone Number: (603) 913-4867
- c. Involvement: Republican Club, House Council, Video Board Employee
- d. Biography: My name is Brandon Seaver. I was born March 5, 1996 in Merrimack, NH. My parents are Kevin and Elizabeth Seaver. I have two younger brothers, Chad and Tyler, who are 19, and 16 respectively. Family is very important to me. I can always count on them. I got into sports at a very young age. I learned to skate about the same time i learned to walk. In my life i have played just about every major sport available to me. Two however stuck with me. I played baseball from age 5 all the way through high school. However, my passion was always hockey. I have played ever since I can remember and I still play men's league when I can. I went to high school at a private boarding school in Meridian, NH. Kimball Union Academy was my home away from home. For 8 months a year I would be there living in the dorms and learning how to make it on my own. It was much more structured than college though. We had mandatory study hours and had to play a sport every season to keep us busy. I came to UMass as a political science major but quickly realized that it was not for me. I have since changed my major to BDIC Data Analytics. I am looking to do analytics for a Fortune 500 company.

54. Kevin Seto – Hospitality & Tourism Management 2021

- a. Email: kseto20@gmail.com
- b. Phone Number: (248) 688-1128
- c. Involvement: Boxing, DJing
- d. Biography: My name is Kevin Seto. I'm a freshman student majoring in finance at the University of Massachusetts - Amherst. My goal for post-graduation is to work as a financial analyst in a big city like NYC. Over the summer, I worked as an intern for CSTO, which is a housing company based out of Boston. I have also worked for Massachusetts General Hospital, as an operations associate manager

for two summers. Some of my hobbies include spending time with my friends, boxing, playing the guitar, and playing sports.

55. Daniel P. State (Magister) – Finance 2020

- a. Email: dstate@umass.edu
- b. Phone Number: (518) 894-7910
- c. Involvement: Golf, Football, Guitar, Music
- d. Biography: My name is Dan State, I am a sophomore in the Isenberg School of Management at the University of Massachusetts Amherst. I was born in 1998 in Albany, New York. My father, John State, is a partner at a law firm, and my mother, Kathleen State, is a language arts coordinator for elementary school students. I also have two older brothers, Ryan, 26, and Matt, 22. I was raised with strong Christian morals and an emphasis on family. I began playing football at the Pop Warner level and played seven years ending with my senior season as the captain of the varsity team. Throughout high school, I held various part-time jobs. In my free time, I enjoy cooking as well as playing the guitar and making music. I enrolled at UMass Amherst in the Fall of 2016 and I am currently pursuing a degree in finance with a focus on alternative investments. I would like to use my finance education to land a job in financial planning or asset management.

56. Guy Stein (Philanthropy) – (Pre-Medical) Biology 2020

- a. Email: guystein3@gmail.com
- b. Phone Number: (617) 529-0297
- c. Involvement: EMT, Pre-Med Society, DKMS
- d. Biography: My name is Guy Stein. I was born March 3, 1998 in Haifa, Israel. I moved to Newton, Massachusetts at the age of 7, not knowing a word of English. I am the second of four sons. During my early childhood my brothers were my closest friends as I was unable to communicate with other kids due to my language barrier. At Newton South High School I wrestled and played tennis, as well as coached an intramural basketball team for three years. Sports played a big role in my life as they were a way to learn discipline and teamwork, even when it came to individual sports. I also really loved different sciences, chemistry and biology most of all which is why I decided to major in biology on the pre-med track at UMass Amherst. Over the past summer I got my certification as Emergency Medical Technician, and now work as an EMT-Basic for UMass Emergency Medical Services. I am hoping to work at an ambulance company or as an Emergency Room Tech this upcoming summer. My hope is to one day be an Oncologist or an ER Physician.

57. Andrew G. Strawbridge – Resource Economics 2018

- a. Email: astrawbridge@umass.edu
- b. Phone Number: (617) 943-0654
- c. Involvement: State Politics, Botany

- d. Biography: My name is Andrew Strawbridge. I was born on June 12th, 1996 in Belmont, Massachusetts. My father's name is Brian Strawbridge and my mother's name is Caitlin White. I have one older brother named Benjamin who is two years older than me. I am very close with him, as we have shared many of the same friends. Growing up, I always took an interest in sports, particularly soccer. And in High School I focused my effort towards the game, where I was awarded MVP of the league and Eastern Mass. all-star. In relation to academics, I decided to spend my first two years of college at a small school called Colorado Mountain College. While there, I obtained my associates of arts in Business and enjoyed the amazing outdoor activities the state had to offer. However, I made the decision to come back closer to home, and am now attending the University of Massachusetts Amherst with a concentration in managerial resource economics. My other passions include politics and volunteering, but for a career path I want to enter the emerging medical marijuana industry. I have made large steps for this goal, and am currently a part owner of a licensed cultivation farm, with the goal of advancing to a class A license come July of 2018.

58. Eric C. Swenson – Resource Economics 2018

- a. Email: eswenson@umass.edu
b. Phone Number: (774) 670-6883
c. Involvement: Football, Resource Economics Club
d. Biography: My name is Eric Swenson and I was born on May 20th, 1996 in Plymouth, MA. My mother's name is Kimberly Swenson and my father's name is Carl Swenson. I also have a twin sister, Taryn. I was luckily born a minute before her, so I can say I'm the oldest. Growing up as a twin was a unique experience than most. When we were younger we were with each other all the time, in the same classes, always getting compared etc. My Dad pushed us to do sports when we were younger. Ever since I can remember I played baseball, but I also played soccer/basketball up until high school. I ended up only playing two years of varsity baseball during my junior and senior year as I was trying to focus more on more important things. After graduating from Carver High School, I chose to attend Westfield State University as an accounting major. I was there for 2 years and I learned/experienced so much during my time there, especially how to live somewhat independently for the first time. However, I decided to transfer to UMass Amherst during my junior year. I wanted more opportunities and I thought a large university would be an ideal fit. That first semester is when I was introduced to the fraternity Sigma Chi and the rest is history. I also changed my major to Resource Economics, for a future career I am thinking about being a data analyst.

59. Tony N. Tran (Community Service & Web)– Computer Science & Mathematics 2020

- a. Email: tonytran@umass.edu
b. Phone Number: (347) 827-6395

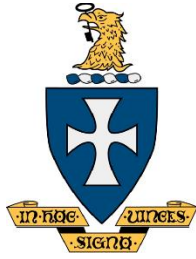

- c. Involvement: Mobile Operating Systems Club, Chess Club
- d. Biography: My name is Tony and I grew up in Bronx, New York. I am a diehard Yankees fan. I am studying computer science and mathematics at UMass Amherst. I am also an avid chess and pool player, who will never turn down a chance to watch The Office.

60. Kyle Benjamin White – Marketing 2018

- a. Email: kylewhite@umass.edu
- b. Phone Number: (978) 886-7801
- c. Involvement: Intramural Sports, Referee, Marketing Club
- d. Biography: My name is Kyle White. I was born in North Andover Massachusetts. My parents are Suzanne and David and my siblings are Tyler, Cameron and Arielle. We have always had a boxer dog in the family. I am a senior marketing major at UMass Amherst. I am also in the Isenberg Marketing Club and Alpha Lambda Delta honor society. I've had the opportunity to intern for three companies over the past few years. I also studied abroad last semester in London, England. Currently I am interviewing for full time jobs for post-graduation. Aside from academic and professional work, I love sports. I have played basketball and tennis my whole life. I'm big on travelling and the outdoors. Above all else, I love my family and friends and of course... Sigma Chi!

61. Gabriel A. Zelaya-Rincón – Hospitality and Tourism Management & Finance 2020

- a. Email: gzelayarinco@umass.edu
- b. Phone Number: (401) 451-3121
- c. Involvement: Association of Latino Professionals For America (ALPFA), National Society of Minorities in Hospitality (NSMH), Careers in Accounting and Management Professions (C.A.M.P.)
- d. Biography: Hi, my name is Gabriel Zelaya-Rincon, I am a Sophomore of HTM and Finance at the Isenberg School of Management. My goal after graduation is to become a casino, hotel, restaurant, and nightclub manager. I worked over the summer as a peer counselor for CAMP at the Isenberg School of Management; a program designed towards High School juniors and seniors in order for them to gain an interest in accounting and business in general. I also worked at a local restaurant and bakery in Rhode Island as an assistant pastry chef. Some of my hobbies include dancing, spending time with friends, playing sports, and traveling the world.

Re: Letter of Support Request – UMASS

To Omega Colony,

The Gamma Omega chapter of Sigma Chi is impressed with the Omega colony's effort to be installed as a chapter of Sigma Chi. Our brothers who have had interactions with members of the Omega colony have had nothing less to say than excellent praise of your members.

Being installed as a chapter of Sigma Chi brings along a whole new set of challenges, however the reward is far greater. I am confident that your chapter will have the ability and the means to succeed at the University of Massachusetts.

It is with great pleasure that I declare that the Gamma Omega chapter of Sigma Chi fully supports the Omega colony in its efforts to be installed as a chapter of the Fraternity. We wish you well in your endeavors; we're only a short drive away if you need anything.

All the best and In Hoc,

Andrew Watson

Consul

Sigma Chi Fraternity
Iota Eta Chapter
181 White Street
Danbury, CT 06810

To Whom It May Concern,

It is with great honor that I write this letter of support for the Sigma Chi Omega Colony of the University of Massachusetts, Amherst on behalf of the Iota Eta Chapter. Throughout this past year I have heard much about the success of the of the Omega Colony from the remarkable number of interested members that will hopefully be installed when the colony finally becomes an official chapter to our fraternity.

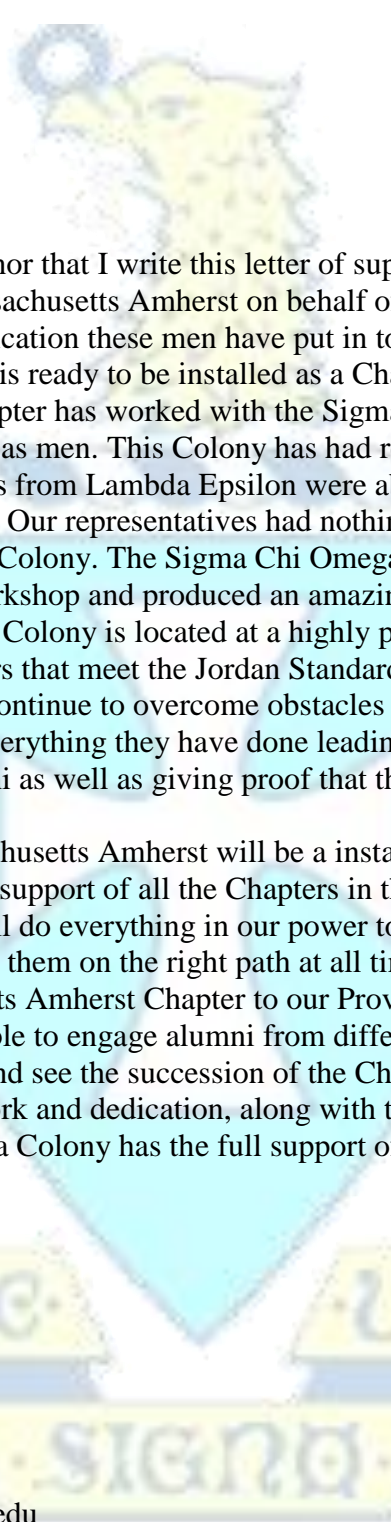

Although the Iota Eta Chapter has not had the opportunity to work alongside the Omega Colony, we look forward to giving any amount of effort necessary to make sure that the colony is able to run a successful chapter. Two of our undergraduate brothers and one of our alumni will be taking Colony brothers on as litters to help make sure they grow in the ideals of Sigma Chi and become the best men they can be. We first were introduced to the brothers of the Omega Colony at Balfour Leadership Training Workshop, where we saw firsthand the drive and determination of the brothers with their presentation of their strategic plan for the coming year.

Through hard work and dedication, along with the emulation of the values of Sigma Chi, the Sigma Chi Omega Colony has the full support of the Iota Eta Chapter of Western Connecticut State University.

Guard Well,

Jeffrey Moffat

Consul
Iota Eta Chapter

Sigma Chi Fraternity
Lambda Epsilon Chapter
300 Boston Post Rd
West Haven, CT 06516

To Whom it May Concern,

It is with great honor that I write this letter of support for the Sigma Chi Omega Colony of the University of Massachusetts Amherst on behalf of the Lambda Epsilon Chapter. I have seen the hard work and dedication these men have put in to get where they are today and I am proud to say that this Colony is ready to be installed as a Chapter of Sigma Chi.

The Lambda Epsilon Chapter has worked with the Sigma Chi Omega Colony, and has seen how much they have grown as men. This Colony has had representatives go to Grand Chapter where the representatives from Lambda Epsilon were able to work alongside with them and get to know them personally. Our representatives had nothing but great things to say about the men representing the Omega Colony. The Sigma Chi Omega Colony has also attended Balfour Leadership Training Workshop and produced an amazing strategic plan which they plan to fulfill completely. The Omega Colony is located at a highly populated school and has still managed to find potential brothers that meet the Jordan Standard showing the Lambda Epsilon Chapter that they have and will continue to overcome obstacles to better their Colony and to better the name of Sigma Chi. Everything they have done leading to this point shows their hard work and dedication to Sigma Chi as well as giving proof that they are prepared to join our brotherhood.

The University of Massachusetts Amherst will be a installed Colony of the CT/MA Province, meaning they have the support of all the Chapters in the Province, especially the Lambda Epsilon Chapter. We will do everything in our power to aid the Omega Colony through any circumstances and will guide them on the right path at all times. I am sure that the addition of the University of Massachusetts Amherst Chapter to our Province will not only strengthen the Province, but has already been able to engage alumni from different Chapters in the CT Province to aid in the endeavor to install and see the succession of the Chapter.

Through years of hard work and dedication, along with the emulation of the values of Sigma Chi, the Sigma Chi Omega Colony has the full support of the Lambda Epsilon Chapter of The University of New Haven.

Sigma Chi Fraternity
Theta Upsilon Chapter
33 Lynwood Place
New Haven, CT 06511

To Whom It May Concern,

I am honored to write this letter of support for the Sigma Chi Omega colony of the University of Massachusetts Amherst on behalf of the Theta Upsilon Chapter. From what my officers have told me about the conduct of its officers at Balfour LTW and the rapid growth and progress that this colony has made in recent years, I believe that the Omega Colony is ready to be installed as a Sigma Chi chapter.

The Theta Upsilon Chapter has constantly heard of and seen the progress that the Omega colony has made over the past few years. Fulfilling many of the requirements that a full chapter is expected to fulfill such as attending Balfour LTW, fostering positive community engagement via philanthropy, and thriving in a competitive Greek environment on UMass Amherst's campus, the Omega Colony has demonstrated its desire to become a Sigma Chi chapter and the necessary aptitude to not only maintain its status as a chapter, but to elevate Sigma Chi's standing at their campus and nationwide.

Since Sigma Chi has never had the opportunity to have a chapter at UMass Amherst, the Omega Colony presents our fraternity with a unique opportunity to expand and recruit and train great leaders on their campus as well. Adding the Omega Colony to our province will help strengthen the vibrancy of Sigma Chi in the northeast and provide strong support for other chapters in the area. Personally, I am looking forward to watching the Omega Colony obtain its status as a chapter and continue its trajectory of excellence during the rest of my time as an undergraduate.

Embodying the values of true Sigma Chis and demonstrating the aptitude as well as the drive to cultivate a great chapter, the Sigma Chi Omega Colony has the full support of the Theta Upsilon Chapter of Yale University. I look forward to welcoming my new brothers into our fraternity.

Guard Well,

Alexander Jang

L. Wayne Tucker

Chairman, New Chapter Development Committee
1714 Hinman Avenue
Evanston, Illinois 06201
September 17, 2017

Dear Chairman Tucker,

It is my pleasure to endorse the Sigma Chi Omega Colony at the University of Massachusetts-Amherst for installation. I first met the colony back in April 2016 when I conducted their first Mission 365 retreat for 30 brothers. Since my facilitation, I remain in close contact with the undergraduates through Balfour Leadership Training Workshop, recruitment events, alumni outreach, and philanthropic endeavors. Seeing their transformation and continued growth in membership now standing at 53 active colony members, it is without hesitation that I recommend them for installation.

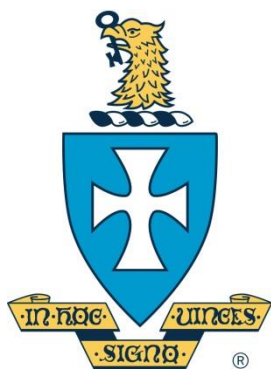

When I facilitated Mission 365, I learned quite a bit about the young men who came together to bring Sigma Chi to UMass Amherst. They demonstrated strong leadership and a commitment to the fraternity's values. While they each demonstrated different temperaments, talents, and convictions, their strong resolve to adhere to and live the values of our fraternity every day was inspiring. My research for the retreat yielded significant results: they were well-respected by the administration and fellow Greeks, especially sororities, earned top grades, and were active within their communities. They demonstrated leadership potential early on and were regarded as a model interest group seeking the opportunity to become a member organization on campus.

The colony is comprised of men of character, fine leaders, and diligent workers. Their bond of brotherhood is contagious, welcoming those into their membership who meet the Jordan Standard and represent what it is to be true Sigma Chis. Each and every one of them have the ability to connect with others, to gain their trust and respect, and extract their best attributes for their own development and others as well.

I believe that the Sigma Chi Omega Colony at the University of Massachusetts- Amherst will be a welcome addition to the Connecticut/Western Massachusetts Province. On behalf of the Greater Fairfield County Alumni Chapter, I hereby endorse and strongly recommend without reservation, that the New Chapter Development Committee accept the colony's Phase II Report and move forward with installation. Should you have any questions, please do not hesitate to contact me.

In Hoc Signo Vincas,

James S. Heffner, Jr. **Western Connecticut, 2013**
President, Greater Fairfield County Alumni Chapter
(203) 240-6671 | JamesHeffner@outlook.com

New Haven Alumni Chapter
66 Pleasant View Ave.
Bristol, CT 06010

September 12, 2017

Dear NCDC,

It is my great honor to endorse for installation the Sigma Chi Omega Colony at Univ. of Massachusetts at Amherst. I have received updates through Brother Moody of their progress since the colony was started, as well as being directly involved as a big brother, and I believe they are the perfect candidate to become initiated as a new chapter.

In addition to actively leading their lives by the values of Sigma Chi, both on and off campus, the colony will also embrace the crucial programs necessary including: Mission 365, P4B Formal Pledging/Big Brother Ceremony, and Crossroads, in an effort to be accepted into our order.

They are strong academically, as well as socially on campus, and the bond of brotherhood is strong with this group of young men. Each one holds their brother accountable for all aspects pertaining to their education and Sigma Chi and the colony is efficiently organized and run. Given their accomplishments thus far as it pertains to Sigma Chi, on behalf of the New Haven Alumni Chapter I recommend they be initiated into our order.

In Hoc Signo Vincas,

John-Christopher LaPan
Treasurer – New Haven Alumni Chapter

Prepared by Quaestor, Santino Dandini '19

The Omega Colony has set aside a successful collection \$200 per member for initiation fees. New members have until the mid-semester date (Oct. 19) to pay these fees per bylaws of the Omega Colony.

P4B Statement of Understanding

Sigma Chi Omega aims to educate and empower our new members through the strict adherence of P4B. We are fully supportive and committed to follow the pledge education program timeline as provided in the 8-week P4B calendar. Each week includes: Pre-learning, group sessions and reflection, application and experimental activities for that week.

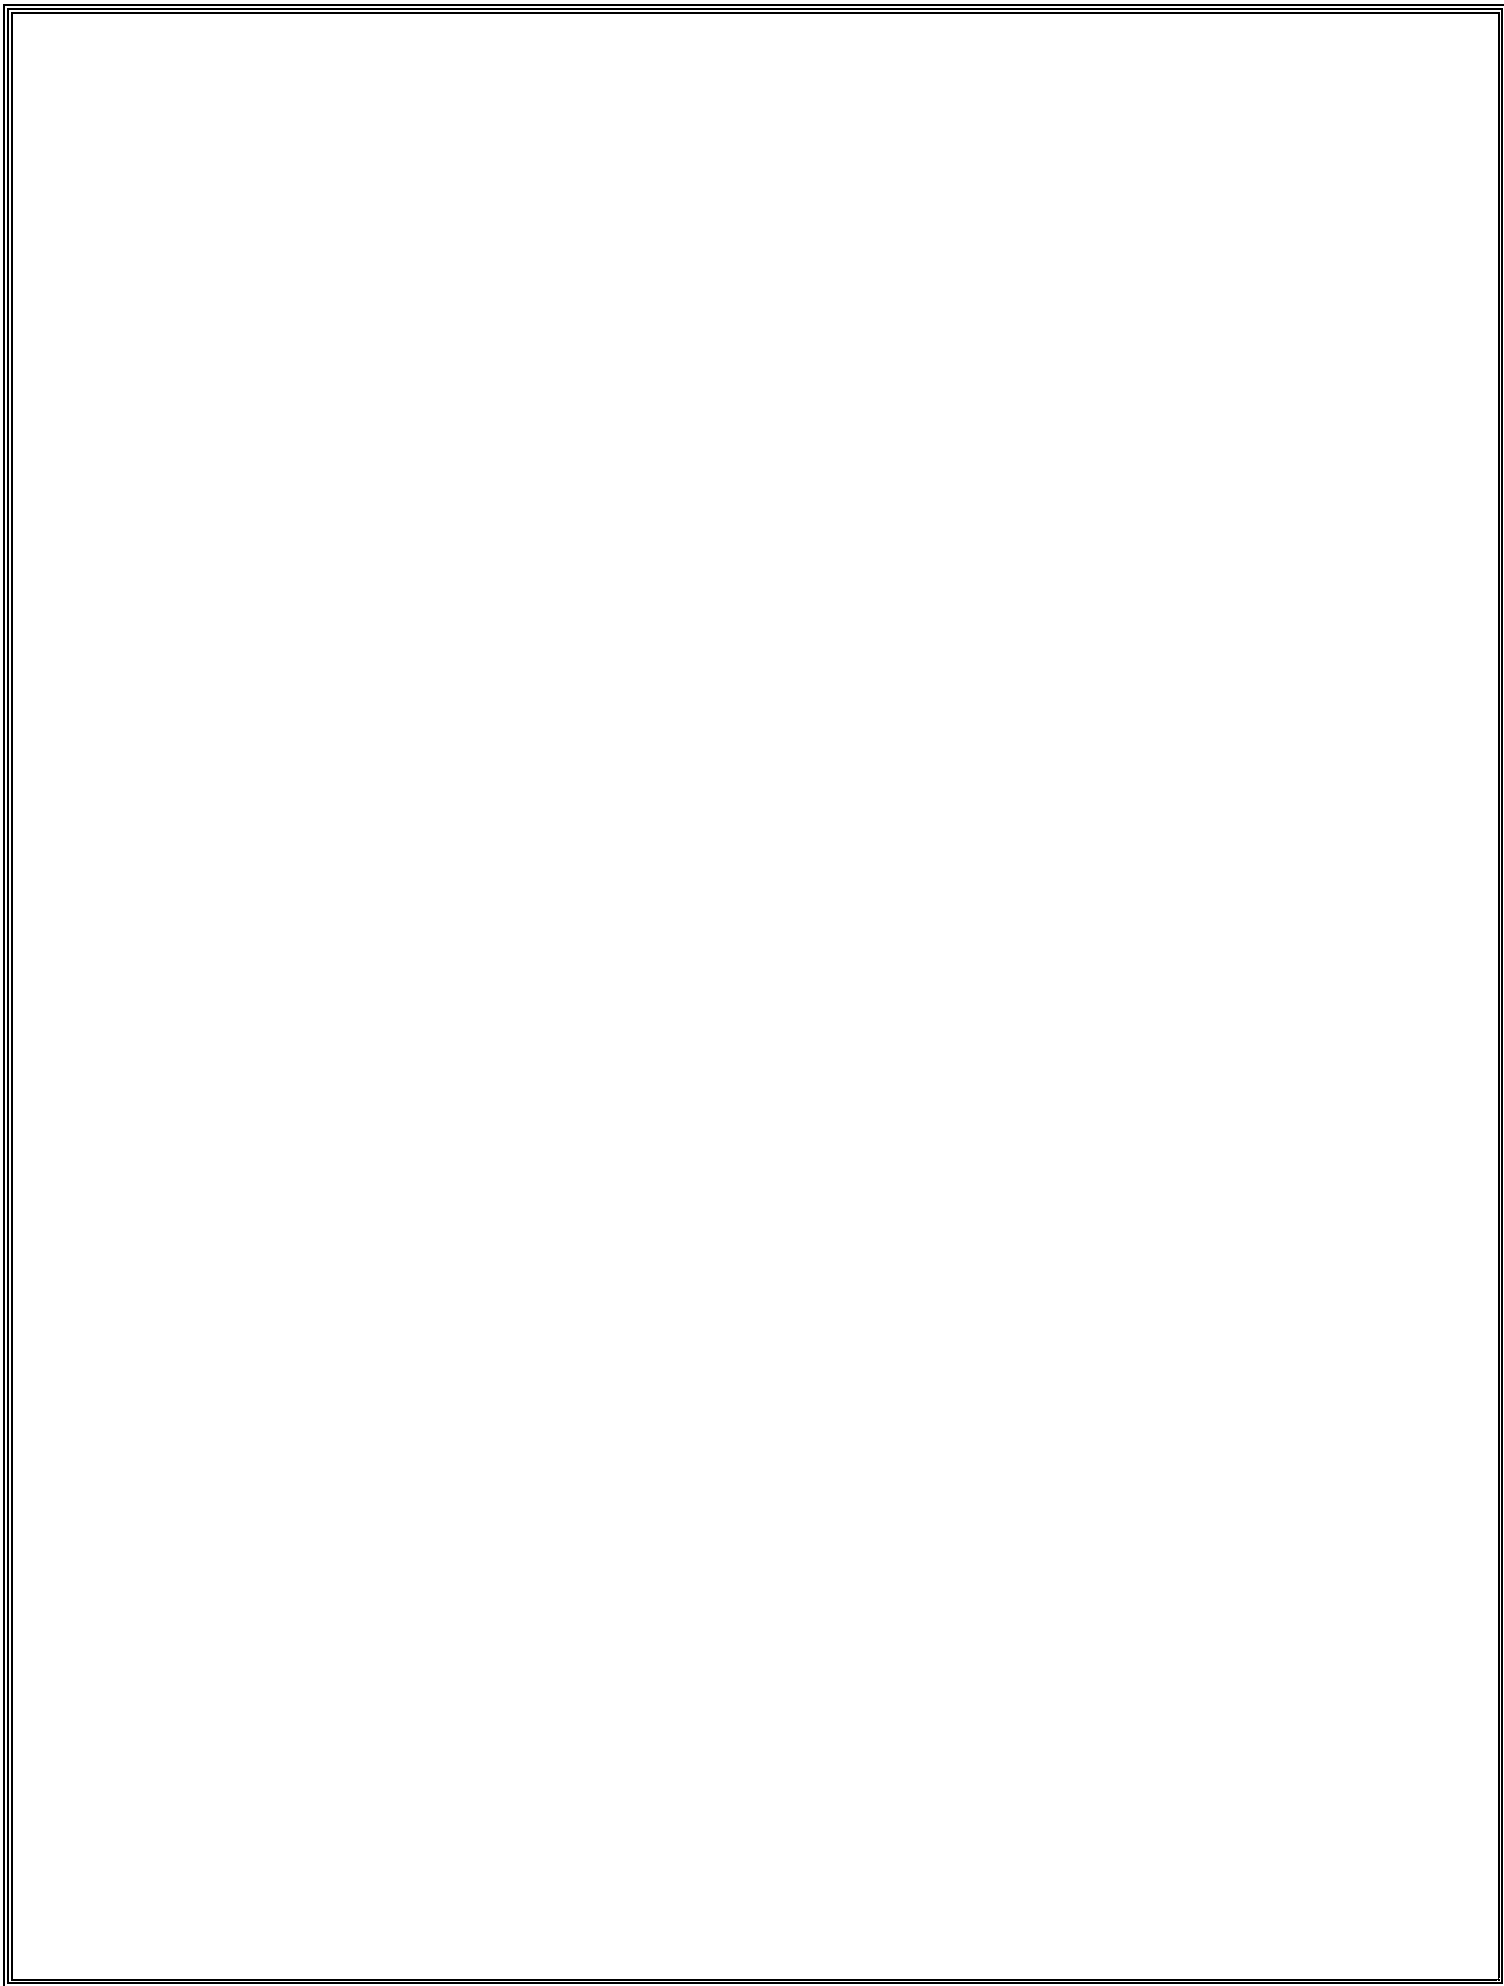

ACADEMICS

Pledge John Murray was removed from the pledge program last semester after missing numerous pledge meetings and falling behind on the pledge program.
